THE INTRAPRENEUR’S TEN COMMANDMENTS

I  Come to work each day willing to be fired.

II Circumvent any orders aimed at stopping your dream.

III Do any job needed to make your project work, regardless of your job description.

IV Find people to help you.

V Follow your intuition about the people you choose, and work only with the best.

VI Work underground as long as you can — publicity triggers the corporate immune system.

VII Never bet on a race unless you are running in it.

VIII Remember, it is easier to ask for forgiveness than for permission.

IX Be true to your goals, but be realistic about the ways to achieve them.

X Honor your sponsors.
